

WINDOW200

Créateur de solutions pour les "mini" endroits ... minibar 19 liters completely silent glass black energy efficient A+

The WINDOW200 mini bar is simultaneously silent, ecological and spacious with its 0dB and its 19 liters capacity.

Technical specifications ...

EAN code: 5420046412370
Installation mode: Free standing and build-in
Energy class: A+
Cold type: Static
Cold generator module: Thermoelectric semi-conductor
Lighting: LED
Color: Black
Door type: Glass
Net total volume (liter): 19l
Refrigerator defrosting: Automatic
Shelves number: 1
Power: 63W
key lock:
Noise level: 0dB
Climatic class: N/SN
Gross dimensions (HxLxD) in cm: 48x41.5x45
product dimensions (HxLxD) in cm: 44x36x39
Brutto weight (kg): 11kg
Net weight (kg): 10kg
Quantity per container: 670
Brand: Brandy Best
Standards: CE - ROHS - REACH

Your drinks are always fresh...

This mini bar allows you to keep fresh your bottles of all sizes. Totally silent thanks to its Peltier effect with a cool semi conductor module, the mini bar is an innovative technology, providing a low energy consumption and a silent working. For 12 cans or 12 bottles

Brandy Best's innovation...

A+ technology A+ category means a 60% gain of energy consumption compared with a C category minibar. Peltier effect We obtain this result by optimising the electronic regulation, and thanks to the cold exchanger conceived in aluminium, and being full part of the minibar's cavity. Based on the Peltier effect, innovative technology also called thermoelectric, a physical phenomenon of heat movement with and electric current. The effect takes place in the different nature materials of high conductivity linked together by junctions. One of the junction gets cold when the other one gets hot. The cold produced is collected inside the minibar, and the heat is evacuated thanks to a radiator located at the back of the minibar. Today, this technology is only used for minibars.
