Find all the essential functions to cook everyday without neglecting the style ...

Flexibility in cooking...

With the BCGEC60X, you can easily cook your favorite dishes! Cooking with gas allows you to boil water quickly and have a good control of your cooking. The multi-function thermostatic oven (50 ° -260 ° C) allows you to roast, brown, heat ... or even dehydrate your food. Self-cleaning by catalysis, the oven will be cleaned effortlessly as you cook.

Essential functions

The BCGEC60X is equipped with 4 gas burner with electric piezo, but also a thermocouple device so you can cook safely. Thanks to the self-cleaning multifunction oven and its 4 levels to accommodate the tray and the grid, you can modulate the cooking of your food. For the final touch, it is equipped with a glass lid. Open, it protects your walls from splashing. Closed, it gives an extra sparkle to your kitchen. You can adjust the level thanks to the adjustable feet. With a width of 60 cm and standard size, it will fit perfectly into your work plan. Electric cable provided.
